**AkzoNobel**

# For optimum surface protection RUBBOL® WF 3300

External wooden doors - the high-quality showcase for every house. For the best protection of wooden surfaces subject to heavy wear we have now developed a one-component mid and top coat: RUBBOL® WF 3300. Thanks to a new formatting approach it is possible to achieve a long lasting finish, which is done with a surface result that convinces with a look similar to furniture and a velvety feel.

## **Furniture-like surface and pleasant feel**

Evenly smooth, with RUBBOL® WF 3300 you receive a surface that is exceptionally attractive and high-quality in both look and feel.

## **Outstanding scratch resistance**

With RUBBOL® WF 3300 scratches due to key rings, belt buckles, rivets and, of course, toy cars no longer stand a chance.

## **Good spreading characteristics**

In application, RUBBOL® WF 3300 convinces with its perfect spreading characteristics. This allows a furniture-like surface to be achieved on large surfaces with the recommended wet layer thickness of just two times 150 µm.

# Product benefits by comparison

Comparable 1 pack products were extensively compared to RUBBOL® WF 3300.

**RUBBOL® WF 3300**  
**Competition A**  
**Competition B**

**1 – bad**  
**5 – perfect**

	RUBBOL® WF 3300	Opaque 1 pack mid and final coat.	Spray application
<b>Top coat</b>	RUBBOL® WF 3300		

# AkzoNobel Wood Coatings Color System

Our new colour system provides you with a complete system: colours for interior and exterior waterborne and solventborne wood coatings.

The AkzoNobel standard collection includes RAL, NCS, Sikkens 4041 and 5051, which allows us to offer a wide range of colours. In addition to this, we can combine these colours to create completely individual tones using the spectrophotometer and our software. Our quality control department is checking every batch of the bases and colourants to guarantee a very high reproducibility of colours.

Our innovative RUBBOL® WF 3300 front door paint is painted with the new Aquaflex colourants from the new AkzoNobel Wood Coatings Colour System.

# Everything at a glance

## RUBBOL® WF 3300-03-20\*

Opaque semi matt 1 pack mid and top coat for highly stressed exterior wooden doors.
